The list of these constituencies are given in Statement II.

### **ELECTRONIC VOTING MACHINES**

8. The Commission has steadily expanded the use of Electronic Voting Machines in the elections since November, 1998. These machines have been used in several elections. In 1999, the General Election to Goa Legislative Assembly was held with the use of Electronic Voting Machines. In last Parliamentary Elections held in 1999, the machines were used in 45 Parliamentary Constituencies. In 2000, half of the Assembly Constituencies in Haryana were covered with the use of EVMs. In 2001 the Commission used Electronic Voting Machines in all the Assembly Constituencies in the States of Kerala, West Bengal, Tamil Nadu and the Union Territory of Pondicherry.

9. The Commission has decided to use the Electronic Voting Machines in all future elections as widely as possible. A massive training and awareness programme has been launched. The Commission had initiated all preparatory actions a few months back in the run up to the current round of the State Assembly Elections. After taking all relevant factors into consideration, the Commission has decided to use EVMs in all the Assembly Constituencies in the States of Punjab, Uttaranchal and Uttar Pradesh. In Manipur, the EVMs will be used for the first time

and accordingly taking the special situation therein, six assembly Constituencies have been selected for introduction of EVMs in the Assembly Elections in the state.

The constituencies are
